New Road To 'Wreck' Town

ALARM SPREADS

It is evident that local forces are rallying in opposition to the proposed extension of Route 3 from Route 128 through the Morningside section.

Roughly the super highway with limited access would come over Turkey Hill on a line parallel with Ridge st., pass near the Bishop school, cross Medford st. at Draper ave. or Davis ave. (wiping these streets out) and join with the Mystic Valley parkway at the southern tip of Mystic Lakes.

Officials believe that it would wreck: a) the Morningside area; b) the property near Mystic Lakes; c) the Town itself.

"The threat to Arlington has been kept very quiet," Town Manager Monahan said. It is understood that when the notice of last week's meeting in Commissioner Volpe's office was received, there was no indication of the extent the road would affect Arlington.

"We were totally unprepared to hear what we heard," one official said.

In Winchester
"Naturally, the Winchester Selectmen just love the whole plan and said so," he said. The road will not enter Winchester at all, it is said, except a small corner of farm area off Hutchinson rd.

A Master Plan of 1948 called for the roadway to enter Winchester near Woburn Four Corners, pass close to Horn Pond, Woburn, Wedge Pond, Winchester, cross the R.R. tracks at Wedgemere station and continue along the easterly side of Mystic Lakes.

To Make Study
John B. Byrne, chairman of the Planning Board, was authorized by Selectmen and Manager on Monday night to have an "immediate and professional" study made in the hopes of finding an alternate route, acceptable to State authorities.

An alternate route was outlined at the Volpe meeting which called for the road to pass over the meadows between Arlington and Lexington and reach Route 2 west of Arlmont Village.

Manager Monahan called the Morningside route "ridiculous" and pointed to change of grade "from zero to 370 feet."

Imagine the cost and noise of trucks grinding up from Mystic Lake to the top of Turkey Hill," he said.

WARRANT OPEN

The warrant for the annual Town Meeting in March, 1954, was opened by Selectmen at Monday night's meeting.

Articles will be accepted until the deadline—Monday, Jan. 18, at 8 p.m.

MEET WITH VOLPE

The possibility of a loss of taxable area in Arlington was made evident last week Wednesday, at a special meeting of the State Department of Public Works.

Called by Commissioner Volpe after Arlington's Board of Selectmen had written him regarding the relocation of Route 3, the meeting was attended by officials of various towns and cities affected.

Those attending from Arlington were Selectmen Walter T. Kenney, Marcus L. Sorensen, George A. Harris, who introduced the problem at a recent Board meeting; Town Manager Edward C. Monahan, Representative Hollis M. Gott and Henry E. Keenan, Town Engineer James M. Kease and Assistant Town Engineer William Robie, Planning Board Chairman John B. Byrne Jr. and Chief of Police Archie F. Bullock.

Commissioner Volpe in his opening remarks to the group stated that the plans he would bring forth at the meeting "were nothing concrete, that ideas of those present were sought" in order to reach a common agreement as would be possible in the relocation of Route 3. He offered to those present three possible solutions and asked for discussion without barring any other solution to the problem.

To Cut Through

He first explained that the number one solution appeared to be to bring the new road from Route 128 across Arlington in the vicinity of Turkey Hill to a point on the lower Mystic Lake and thence through the Mystic Valley Boulevard to Somerville and Boston via a "belt" road.

The second possibility, Volpe stated, was to cross from Route 128 over Lexington to the Concord Turnpike which would then be extended toward Boston to meet with the "belt" route around Boston proper.

Lastly, he said, consideration was being given a third choice which would continue the second choice across the Turnpike through Waltham to connect with the new Western Express Parkway.

During the question and answer period which followed for the balance of the meeting, Volpe asked the various towns and cities, through those appearing, to study the problems for 60 to 90 days and then see that his office received the opinions. He would then use them in further study of the solutions and, in all probability, would call future meetings of the same group.

Chief Orders
Dept. Changes

Changes in the duties of five police officers were put into effect this week by Police Chief Archie Bullock.

"The realignment of duties and responsibilities will make better efficiency," the Chief said.

Lt. Albert Ryan has been put in charge of prosecuting all cases in court besides retaining his job as supervisor of all uniformed personnel.

Lt. James Flynn who previously had the cases will continue his duties as head of the inspectors and detective work. "Because Flynn will be able to be around here more instead of in court, I moved Sgt. George Fitzgibbon, formerly in the inspectors dept., to be on street duty," the Chief said.

Sgt. William Riley will be on the desk days. Lt. Lucarelli will be in charge of all records and files. Lt. Toomey will be in charge of traffic signals, traffic enforcement and speed prevention.

Sub-Group Vs.
Herter MTA Plan

This sub-committee, headed by Town Manager Edward C. Monahan, to study MTA problems, has appointed by Mayor Hynes of Boston is "unalterably opposed" to Gov. Herter's plan that the 14 cities and towns bear the fixed charges of \$6,000,000 annually.

The committee also asked the Governor to sponsor legislation whereby the basic law would be changed so that revenue could be obtained from the gasoline tax.

In its report the committee charged that the "automobile age has caused the deficits" and, therefore, the automobile should help defray expenses.

The group also asked that legislation be proposed which would require fringe towns, other than the 14 directly serviced by the MTA, to bear some of the burden.

The committee's complete report to Mayor Hynes follows: Hon. John B. Hynes, chairman M.T.A. Advisory Board City Hall Boston, Mass.

Dear Mr. Mayor:

In connection with the proposal of His Excellency, Governor Christian A. Herter, that legislation be enacted whereby the fourteen cities and towns directly serviced by the Metropolitan Transit Authority would permanently and in the future defray the fixed charges of the M.T.A. amounting to approximately \$6,000,000 annually, the Sub-Committee appointed by

Two Teenagers
Missing 9 Days,
Found In Miami

Two teenage boys, missing from their homes for nine days, were picked up early Tuesday morning by police in Miami, Fla. When found, the youths had \$9 left of the \$190 they took with them when they left sometime on Sunday, Dec. 27.

Well And Safe

Parents of both boys received word from Miami authorities that their sons were well and safe. The youths are George R. Judd, 15, son of Mr. and Mrs. George Judd of 29 Dartmouth st. and Joseph Pandolfino, 14, son of Mr. and Mrs. Anthony Pandolfino of 9 Dartmouth st.

Mr. and Mrs. Judd left by automobile for Florida on Tuesday night to bring the boys home.

After Band Jobs

The boys, one a sophomore at Arlington High school and the other a ninth grade student at Junior High East, left home together hoping to get jobs in a Florida orchestra. The Judd boy took along his clarinet and Pandolfino his saxophone. They had \$190 to share between them.

\$9 Left

According to the message received by Mrs. Judd, the pair were picked up hitch-hiking home with \$9 left.

In a note left by Pandolfino he said that he was going away to "get a job in a band and make big money". The boys still had their instruments with them when the police picked them up.

FAMED editor of the Christian Science Monitor, Erwin D. Canham, will be speaker before the Complex Club of the Pleasant Street Congregational church next Saturday night, Jan. 16.

Traps Pay Off
Says Bullock

Police Chief Archie Bullock revealed this week that a sharp decline in accidents occurred during the last 10 weeks of 1953.

"This was due entirely to the roving speed traps we have set up," he said. "Enforcement has paid off."

The record for the year:

Year	Total	Killed	Injured
1952	448	2	402
1953	395	2	343

Billy Tate Fund
Nears \$2,500

The fund started to aid the mother and family of 16-year-old Billy Tate, victim of the Hill's Pond skating tragedy, is now near the \$2,500 mark according to the latest report.

Mrs. Tate is a widow who lost her husband in another tragic accident a few years ago. The fund committee, headed by Louis Stein and Arthur S. Harding, announced that donations are still being received. Those wishing to give to the Tate fund can send any contributions to the "Billy Tate Fund, Care of the Harvard Trust Co., Arlington.

Housing Authority
Gives \$6,336 Check

A check for \$6,336 was presented Town Manager Monahan on Monday by William Hauser Jr., executive secretary of the Arlington Housing Authority.

The payment was made "in lieu (in place of) taxes."

3 New Schools Proposed;
Survey Plan Asks 3 MillionSchool Committee Opposes Selectmen
On Extension Of Appleton Place

APPLETON PLACE

The School Committee will fight the extension of Appleton place which the Board of Selectmen propose to build this year.

Under unanimous vote at a special meeting held Tuesday night, the committee will ask the Selectmen to delay construction "until a professional engineering survey for a playground area has been completed." Superintendent Clifford R. Hall was instructed to write the letter to the Board, stating the Committee's position. It is understood the Selectmen plan to ask for the construction under one article in the Warrant and a survey for a playground under another.

News Conference

In the first conference with newsmen, under the Committee's new policy of providing more public information on its activities, Hall read from notes to describe the letter's content.

School Committee woman May Porteus will appear for the Committee in protest of any immediate construction of Appleton place through to Quiney st.

Under local by-laws, the Selectmen can order the layout, acting as a Board of Survey, even though the land concerned is under the jurisdiction of the School Committee. However, funds for the actual work must be obtained only by vote of the Town Meeting.

"Good of the People"

The Board can take this course under the "good of the people" clause. During its discussion Tuesday night, the Committee heard it questioned as to "how has the common need for a through-street changed suddenly?"

Several weeks ago a joint committee was formed which included Selectman Joseph P. Greeley, Committee woman Porteus, Police Chief Bullock and Town Engineer Keane.

Another committee was named back in April, 1953, but it never met, it is understood.

Would Take 40 Feet

The School Committee claims the proposed street would take 40 feet off the most level and desirable portion of land which it proposes for a girls' playground.

NEW SCHOOLS

Funds for three new schools and additions to two existing buildings will be sought by the School Committee at the annual Town Meeting in March.

Basing its requests on the recently completed \$5,000 survey by the Center for Field Studies, Graduate School of Education, Harvard University, the Committee asks for three new school buildings—one on North Union st., another at the end of Mystic st., the third near the Florence avenue playground.

The two additions will be sought at Junior High West and Bishop school.

Abandon Russell School

The Harvard survey recommends the eventual abandonment of the old Russell school. The enrollment in this building is now about 150 pupils. The largest classes are in the kindergarten, more than half of whom transfer to the St. Agnes Parochial school for the first grade, it is stated.

The Russell school building was the center of heated debate at the 1953 annual Town Meeting. The proposed \$350,000 addition was defeated.

If State aid had been received the cost would have been around \$260,000.

No Aid

This week one school authority stated flatly that in his belief no State aid would have been granted because of the location near the business center.

Thanks PTA Mothers

Superintendent Hall praised PTA mothers for an "excellent job" in helping take the census of children. "It was a tremendous undertaking," he said. "They recorded everybody from age one hour through High school."

Hall said the mothers' work reduced the cost of the survey.

The committee proposes:

BISHOP SCHOOL—a 6-room addition at estimated cost of \$170,000; to be built this year under School Committee supervision.

NO. UNION—a 14-room building, near the playground; ask for committee appointed for cost and plan study.

SURVEY
HIGHLIGHTS

Highlights and conclusions of the survey for local schools contained in the Harvard Graduate School report.

—the three new schools proposed would all be located near existing playgrounds.

—it predicts the population to reach 51,681 in 1962.

—it predicts an average increase of 200 dwelling units per year for the next five years.

—it called the migration of people to and from Arlington very extensive.

—with the school population now at 6471, it predicts 6929 pupils in 1965.

—the pre-school population is now 4401 children. By areas, the figures:

Brackett	366
Bishop	291
Crosby	926
Cutter	433
Hardy	633
Locke	559
Parmenter	237
Pelice	445
Russell	491

—the estimated construction costs for the whole program from now to 1956 is \$3,000,000 with \$1,800,000 to be planned now.

Rank Of Schools

The report ranked the schools, using the McLeary Profile Chart System with 1000 points as perfect; 800-900 satisfactory, etc.; down to zero. The local rating (in round figures):

Bishop, 870 (very satisfactory)
Brackett, 620 (sub satisfactory)
Crosby, 350 (very poor)
Cutter, 250 (inadequate)
Hardy, 805
Locke, 170 (obsolete)
Parmenter, 470 (border line)
Pelice, 500
Russell, 110 [no comment-Ed.]
Jr. East, 640 (sub satisfactory)
Jr. West, 525 (border line)
High School, 410

(generally poor)
The chart takes in site, building, service systems, classrooms, pupil activities, special rooms

adjacent to playground at Medford and Parallel sts.; committee for cost and plans study.

FLORENCE AVE.—a large school near Florence playground; committee to bring in costs and plans.

JUNIOR HIGH WEST—a small addition on northern end toward Acton st., to add 6 or 8 rooms and enlarge cafeteria. To be constructed this year under School Committee supervision.

Membership Record Set at Boys' Club

A grand total of 1442 boys were enrolled as dues-paying members during 1953 at the Arlington Boys' Club. According to Club Director, Jim Sumner, this is a new record for membership during any one year in the club history.

A breakdown of the total figures showed that 460 Midgets, 8 thru 9 yrs; 698 Juniors, 10 thru 12 yrs; 221 Intermediates, 13 thru 15; and 74 Seniors, 16 yrs and up, registered between Jan. 1 and Dec. 31, 1953.

The previous high enrollment came in 1952 when 1433 youngsters became bona-fide members. Registrations have shown a steady upward swing since 1947 when complete records were started. At the end of 1947 it was estimated that 365 boys were enrolled during that year.

A more attractive clubhouse with better facilities plus a varied program from athletics to crafts and many interesting fast-moving special events, combined with more supervision, accounts for the higher enrollment each year. Increased confidence in the Boys' Club by the parents in Arlington is also another big reason for more youngsters joining this Club.

Visiting Nurses Ass'n To Observe Birthday

A half-century of visiting nursing in Arlington will be recognized on Jan. 19. The Arlington Visiting Nursing Association will hold a golden anniversary luncheon at the Universalist Church at 1 p.m.

This friendly home care service began in Sept. 1904 with one nurse. Today it has five nurses who made over 8,000 visits last year.

Ten Arlington women have served as presidents of this organization. One president, Mrs. Jane B. Homer, served 25 consecutive years.

The Rev. John Fitzsimmons, minister of the Pilgrim Congregational church, Belmont, will be the speaker at the luncheon. Reservations for the luncheon can be made with Mrs. Edwin A. Barnard of 61 Cleveland st.

—Miss Carol Crosby, daughter of Mr. and Mrs. John Crosby of Mystic st., is home from college in Maine for the long vacation.

Club by the parents in Arlington is also another big reason for more youngsters joining this Club.

Pastor Reviews Religious Year

"In the world of organized religion much has happened in 1953 that will have affect in 1954," said the Rev. George J. W. Pennington, pastor of the Universalist church, in his sermon, "The Religious News of 1953," delivered last Sunday. The minister narrated the outstanding events in religion of the year, speaking of "Religion in American Life," the autobiography of Dr. Harry Emerson Fosdick, the acquisition of large real estate holdings by ecclesiastical organizations, and happenings in theological schools of liberal persuasion.

Other matters presented were federation of Unitarians and Universalists in the Council of Liberal churches, the drop in purchasing power of Protestant clergy as in contrast with other fields, the Roman Catholic position on freedom of religion, McCarthyism and religion and the Martin Luther film.

This annual sermon, narrating outstanding events in the world of religion of the previous year, was concluded by the pastor with "It is still just as true in this year as in the last, that there are thieves in the best of finery, and savours in poverty, there are great moments that are forgotten and foolishness that is extolled, there are men and ideas and causes waiting to be given a place in the hearts and minds of men and women, but most of all, there are simply just not enough men and women exposed to organized religion."

This Sunday a guest preacher will officiate in cooperation with the Arlington Ministers' Association's Exchange Sunday program. The pastor will preach in another Arlington church.

Aboard USS Olmstead

Serving aboard the attack transport USS Olmstead which took part in amphibious force training operations at Norfolk, Va. last month is Richard J. Foley, chief quartermaster, USN son of Mr. and Mrs. Christine Foley of 54 N. Union st. Drills were conducted during the exercise to advance training of personnel in gunnery, communications and various other amphibious techniques. The highlight of the operation for the Olmstead was assault boat landing made on beaches at Little Creek, Va.

A.H.S. Suffers First Hockey Defeat Of Season At Hands Of Belmont

Holy Cross Glee Club To Give Concert

The Glee Club and soloists of Holy Cross College will give a concert, Sunday, Jan. 10, at 3 p.m. in the Matignon High school auditorium.

This outstanding choral group of 80 students is one of the better college music clubs in the country. Over 6,000 miles of traveling will make this season's concert tour the longest in Crusader history.

The Knights of Matignon, an organization comprised of fathers of students attending Matignon High school, is sponsoring a concert in aid of extra-curricular activities fostered at the school.

James E. Horan and Joseph C. O'Connor are co-chairmen of the Arlington district assisted by William H. Dunn, John S. Salmon, William J. O'Neill, Joseph A. McHugh, James H. Kelley, Leonard G. Russell, Daniel A. Rossano, Warren G. Ryan, John E. Shea, Ralph J. Mulkerrin, Edward G. Thompson, John F. Rogan, Ralph H. Hillsinger, Clarence E. Cochran, Thomas F. Daly, Joseph L. Sliney, Charles C. McCarthy, George Hoye, Albert J. Fitzgerald and Benjamin E. Malatesta.

The public is cordially invited to attend.

With X Corps

Pvt. George R. Brouillette, 20, son of Mr. and Mrs. William J. Brouillette, 15 Devereaux st., is serving with the X Corps in Korea.

The corps, one of three in Korea, coordinates the intensive post-truce training and reconditioning of UN units under its control.

A former student at Wentworth Institute, Brouillette entered the Army last June and is assigned to the 73d Engineer Combat Battalion.

Mrs. Harold L. Frost and Miss Evelyn P. Frost are now domiciled at the Amherst Apts. in Orlando, Fla. for the winter months. Mr. and Mrs. George B. C. Bugg are occupying their apartment, 15A Jason st., during their absence.

Arlington High lost its first hockey game of the season last Saturday to a powerful Belmont aggregation, 4-1, in the feature game of the GBI card at the Arena.

Sparked by John Vigorolo, the league's highest scorer, Belmont scored three goals in the first period and coasted to its fourth victory without defeat.

Bresnahan Scores

Vigorolo, Ed Bunyan and George Higginbotham all scored in the first period, and Vigorolo added another one in the second period. Tom Bresnahan scored the only Arlington goal in the third period when Jack Cadagan set him up in front of the Belmont net.

Belmont dominated play from the opening whistle, and had control of the game throughout. The first goal came at seven minutes of the first period, and within the next two minutes two more shots had streaked by Goalie Al Pitts.

Pitts Overpowered

Vigorolo's second period goal came with an Arlington man in the penalty box. Goalie Al Pitts played his usual great game, but the boys from Belmont simply shot too hard and too often.

In other games, Newton topped Medford, 4-1, Cambridge Latin shut out Melrose, 2-0, and Stoneham defeated Rindge, 4-2.

Belmont Tops League

Belmont tops the league with four wins and no defeats. Newton and Cambridge Latin are tied in second place with identical records of two victories, one loss and one tie. Arlington follows with one win, one loss and two ties. Melrose, Stoneham, Medford and Rindge make up the second division.

CHURCHES OF CHRIST

The vital role of purity in spiritual progress will be set forth at Christian Science services Sunday in the Lesson-Sermon entitled "Sacrament." The Bible selections include this citation from Psalms:

"Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O Lord, my strength, and my redeemer" (19:14).

The following correlative passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"We should strive to reach the Horeb height where God is revealed; and the cornerstone of all spiritual building is purity. The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual life and its demonstration" (241:24).

The Golden Text is from Galatians: "Ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ" (3:26, 27).

Article on Religion Is Work of Local Woman

In the November issue of the Defender, published by the Lord's Day League of New England, Mrs. Dorothy M. Billings (Dot Meserve formerly of Arlington) has an article: "The Church in the Field of Social Action."

Mrs. Billings is chairman of the Christian Social Relations United Church Women of Massachusetts.

Mrs. Billings raises the question "What Is The Reason For This Ominous Apathy Toward Social Betterment?" "Why do laymen and the staunchest supporters of the church, oppose any matters pertaining to politics or crime, emanating from the pulpit?" Her answer is clear cut: "Too long have church people given but lip service."

She closes her fine writing thus: "If the church will do three things: 1) support, at its highest level the concept of world order, through the U. N. 2) increase its leadership potential to combat the present day social ills; 3) work unceasingly for better human relations, since every day the world becomes smaller and smaller, she will be fulfilling the commandments of Jesus and establish a concept of religion, commensurate with the task at hand and ahead."

Returning to U.S.

Cpl. John F. Robinson, son of Mrs. and Mrs. George T. Robinson, 22 University rd., is returning to the U. S. after serving in Korea with the IX Corps.

Robinson, a former gunner in Company B of the 88th Infantry Battalion, entered the Army in August 1952 and arrived overseas last February.

Completes 43 Years of State Service

Secretary of State Edward J. Cronin last week paid tribute to the engrossment supervisor in his office, Miss Katherine E. Wiseman of Arlington, who retired recently following completion of 43 years of continuous state service.

Miss Wiseman, who served under four secretaries of state, first entered the service of the Commonwealth as a stenographer in 1910 in the Board of Health and two years later transferred to the department of secretary of state.

Cronin extended best wishes to the veteran employee as he extolled her faithful and devoted service. Her duties in his office included the checking of all matters passed to be engrossed by the Legislature and the preparation of the annual Blue Book. Her work was widely praised by the quartet of state secretaries who were in charge of her assignments: Judge Frank J. Donahue, the

HEIGHTS STUDY CLUB

The Arlington Heights Study Club will hold its fifth regular meeting of the year on Tuesday, Jan. 12, at the home of Mrs. Adler W. Hanson, 119 Rhinecliff st.

Hostesses in charge of the coffee hour will be Mrs. Ariel Thomas and Mrs. Raymond Young.

After the business meeting two papers in the series "Cities of the World" will be presented. Mrs. Peter Bertocci will speak on "Rome" and Mrs. Evelyn Dushuttle on "Istanbul, Turkey."

Mrs. J. Franklin Briggs is the program director of the club.

late Albert P. Langtry, the late Frederic W. Cook and Cronin. She makes her home at 344 Massachusetts ave. with her sister, Ellen Wiseman, principal of the Jeremiah A. Burke School in Dorchester. A brother, Rev. George F. Wiseman, is pastor of St. Michael's Church in Hudson.

Earns Army Honors

CPL. JONES D. WING recently graduated with second honors in his class from the 1st Cavalry Division's non-commissioned officers leadership school in Japan. An ammunition bearer with Battery C of the 82d Field Artillery Battalion, Wing is the son of Mr. and Mrs. Jones M. Wing of 87 Grand View rd. Before entering the Army in October 1952, he worked for the Raytheon Manufacturing Company, Waltham.

UNIVERSALIST CHURCH

The Religious Education Committee will hold its monthly meeting at the home of the chairman, Mrs. John L. Pitko, 174 Newport st. on Friday, Jan. 8 (tomorrow) at 8 p.m.

The Universalist Youth Fellowship will meet at the Church at 2 p.m. this Sunday to go to Science Museum under the leadership of Mr. David Blanchard Minister to Youth.

The Young Adults' Group will meet in the Parish Hall this Sunday at 7 p.m. for refreshments served by Frances Park, followed by an illustrated talk by Shirley Lamson on travel in Europe. Sally Miller will lead in worship.

The Board of Trustees will meet at 8 p.m. at the home of Mrs. Harold G. Creelman, 38 Norfolk rd., Wednesday Jan. 13.

Salem Teachers Alumni Form New Association

The Salem Club, a new organization comprising graduates of Salem Teachers College who live in Arlington, Cambridge and Somerville, will have its first meeting on Wednesday, Jan. 13 at 8 p.m. at the Hotel Commander in Cambridge.

The group is the first local chapter to be sponsored by the college alumni association and its purpose is to help the college financially in any way it deems necessary.

Under the direction of Mrs. John M. Skinner of 1 Perkins st. and Miss Mary A. Watson of Cambridge, local members have been contacted and an interesting meeting has been planned. There will be a buffet lunch following the meeting.

Assisting in this initial venture are Miss Mary K. Carter of 14 Aerial st. and Mrs. William L. Garrity Jr. of 330 Mystic st.

Any alumni members who have not been contacted and who are interested in attending this meeting are requested to contact Mrs. Skinner.

—Mr. and Mrs. Charles E. Trembly and their son, Charles Dee, have returned to their home in Terra Alta, W. Va., after spending the holiday season with Mr. and Mrs. Gray C. Trembly, 112 Gloucester st. Mrs. Nancy West and her son, Elijah James, of Hancock, N.H. were Christmas Day guests in the Trembly home.

CHRISTMAS CONSPIRACY

Scarcely noticed by the shoppers
In a great department store
One could see her from the portals
Of the massive toyroom door
She was gesturing and mumbling
In a plaintive sort of way
While I paused in rapt attention
Just in time to hear her say
"I don't want a mama dollie
'Nor a sled, or skates or bike
Even games or toys or nothin'
Such as other children like
I just want to ask a favor
It's the thing I mostly lack
I just want to ask you Santa
Will you bring my Daddy back?"

Its so long since I have seen him
Since he went that awful day
I was three years old; a baby
And I'm six years old today
So . . . you see its half my lifetime
I have lived without him near
And I'm lonely . . . Oh, so lonely
For my Soldier Daddy dear
And I know that he is lonely
Way off there beyond the sea
And my Mum is never happy
In the way she used to be
Fore the war had taken Daddy
From our house with me and Mum
Seems as though she's always thinking
That perhaps he'll never come.

So . . . last night I got to thinkin'
In my little lonely bed
And the thoughts of "Merry Christmas"
Were a bumpin' through my head
And my mind went out to Mummy
She's so lonesome and so sad
When it's Christmas time at our house
Then she's thinkin' most of Dad
Well I lay there for a long time
While the clock struck nine — then ten
First I'd think of Mum, then Daddy
And then back to Mum again
And I dreamed of all the presents
In this great department store
And I couldn't think of nothin'
That she hadn't had before
And I almost got discouraged
But I had to stay awake
Thinking how to make this Christmas
Really happy for her sake.

How I wished that I could give her
What she wanted most of all
Some wonder-gift, some treasure
Like . . . my Daddy, straight and tall.
My, oh My! Just in that instant
When I thought of Daddy's name
The wonder-gift, the treasure,
And my Daddy, One became.
Now I tumbled with excitement
Then I bounced out on the floor
And I bounded through the doorway
To the part-closed kitchen door
Mum was stuffin' up the turkey
But her face was awful sad
Bet she wondered how could Christmas
Be real happy without Dad.

"Then I up and told her quickly
That a plan had come to me
Which could make this Christmas happy
In the way it used to be
'Course I didn't mention Daddy
Nor the Army just because
That would spoil my little secret
Don't you think so, Santa Claus?
Well . . . she smiled a little, Santa
But . . . it wasn't quite the same
As when Dad was home for Christmas
No . . . it wasn't quite the same
Then her eyes got kind of misty
And I thought I saw a tear
But perhaps 'twas just the onions
For the stuffin' lying near.

I know onions start me cryin'
And the tears will always come
—Peelin' onions for the dinner
On a Sunday, helpin' Mum
Then she hugged me tight and kissed me
And she tucked me back in bed
An' she asked me kinda softly
If my good-night prayers were said
So . . . I said them over, Santa
And an extra one or two
There was one for Mum and Daddy
An' a special one for you
An' I prayed to God to help me
Carry out my little plan
He will help you surely, Santa
He's the only one who can!

Well that brings me to the favor
You can grant it if you will
Bend your head a little closer
While I whisper softer still—
Er—ah—I was thinkin', Santa,
'Stead of dolls or toys for me
Could you leave a space beside you
On your sleigh-seat, clear and fine
So that when you find the Army
Where my Daddy's livin' now,
And you stop the fill the stockin's
Of the soldier men, somehow
You can search and find my Daddy
'Mongst that crowd of sleeping men
Wake him up an' hide him quickly
In your big toy-bag, and then
When you sneak back up the chimney
To your reindeer and your sleigh
Put that bag, with Daddy in it
On your sleigh-seat right away
An' come straight along to my house
I'll be waitin' at the door
And we'll have a grander Christmas
Than we ever had before
An' my Mum will be so happy
That her heart will thrill with glee
That will make the grandest present
For my Daddy, Mum, an' Me.

PLEASANT STREET NOTES

A highlight of the Christmas holidays for members of the College Group was the reunion on Tuesday, Dec. 28, when some twenty young people enjoyed dinner together in Chinatown.

The following new members were received into the Church fellowship last Sunday morning - Mr. and Mrs. Herbert W. Erickson, 244 Highland ave.; Miss Vera L. Jenkinson, 16 Lockeland ave.; Mr. and Mrs. Floyd F. Messenger, 74 Churchville ave. and Mr. and Mrs. Thomas Stotler, 42 Bonad rd. They will be welcomed during the bouillon hour to be held at the close of next Sunday's service of worship.

Stephen Gordon Morrell, infant son of Mr. and Mrs. Malcolm E. Morrell, Jr., of 85 Columbia rd., was christened by the Rev. John A. Heidt on Sunday morning.

The annual meeting of the Anna Bradshaw Guild was held in the vestry on Monday afternoon, with members of the Executive Board as tea hostesses. Following brief devotions led by Mrs. Elmer E. Barber, Guild president Mrs. Andrew A. Magnus conducted the business meeting, with annual reports and election of officers.

Rev. Heidt, speaker of the afternoon, had as his topic "Questions People Are Asking", and lively participation by the audience made the discussion one of unusual interest.

TRINITY BAPTIST NOTES

January 10 is the Sunday for the annual pulpit exchange of ministers. A guest minister will occupy the pulpit at Trinity Baptist Church. Rev. Williamson will preach in a sister church of Arlington. It is hoped a large and cordial congregation will attend to greet our visiting minister.

The men of Trinity are missing a good thing if they are not attending the Men's Class each Sunday morning at 9:45 a.m. Alfred Walton, the teacher, is an interesting and challenging interpreter of the Bible in terms of the Christian life.

At 7:30 p.m. Sunday evening the Colbus Club will show the film "Reaching From Heaven". This film is a brilliant presentation of Christian witnessing and it comes as a great lesson: God uses ordinary people to accomplish His purpose in the lives of others. All young people of the church are cordially invited to attend.

OPPOSE HERTER PLAN

(Continued from Page 1)

you for the purpose respectfully recommends that the M.T.A. Advisory Board subscribe to the following statement of general policy:

1. The M.T.A. Advisory Board is unalterably opposed to the legislation proposed by His Excellency, Governor Christian A. Herter, which would permanently saddle the \$6,000,000, annual fixed charges of the M.T.A. on the home-owners and other real estate owners of the fourteen cities and towns directly served by the M.T.A.

2. The M.T.A. Advisory Board is also unalterably opposed to the zone fares proposed by the M.T.A. Trustees which would be a serious handicap on working people and others who are compelled by circumstance to use the transportation facilities of the M.T.A.

3. The M.T.A. Advisory Board believes that the present law that compels the Trustees to fix a fare rate that will, in their judgement, defray all operating expenses, including annual fixed charges of the M.T.A., is an insurmountable barrier to an equitable solution of the financial problems of the Metropolitan Transit Authority, and in this connection we believe that Governor Herter should sponsor a change in the basic law governing the M.T.A.

4. The M.T.A. Advisory Board recommends and urgently requests that Governor Herter personally sponsor legislative amendments to the basic M.T.A. law so that the Trustees may be permitted to fix reasonable fares and that Governor Herter at the same time

personally sponsor other legislative amendments which would provide that cities and towns in the fringe areas, as well as the fourteen cities and towns directly serviced by the M.T.A., pay annually to the M.T.A. a nominal charge for the standby availability of Metropolitan Transit Authority transportation services, and in this connection, the M.T.A. Advisory Board, believes that fare rates should be geared to defray the annual fixed charges of the M.T.A. and that the annual standby payments of the cities and towns should be geared to absorb operating losses of the M.T.A. in excess of the annual fixed charges.

5. The M.T.A. Advisory Board reiterates its previous recommendation made in 1932 that funds be provided for it to hire competent financial accounting and clerical services so as to end once and for all the present unsatisfactory system whereby the representatives of the fourteen cities and towns must depend upon the financial and statistical "hand-outs" of the M.T.A. Trustees, which is an unsound basis for our discussions, deliberations and decisions, and we strongly urge His Excellency, the Governor, to sponsor the required legislation which would make available to the M.T.A. Advisory Board the professional and clerical services that are mandatory if the Board is to function in the public interest.

6. The M.T.A. Advisory Board also believes that the straightened financial condition and operating losses of the M.T.A. are fundamentally caused by the automobile age, and in this respect, respectfully requests Governor Herter to sponsor the necessary legislative steps that are needed to make constitutional in the years to come the use of gasoline taxes in connection with the operating losses of a publicly owned transportation company such as the Metropolitan Transit Authority.

Respectfully submitted,

Service On MTA Lechmere Line 'Off' For 3 Weeks

Passengers on two MTA trackless trolley lines, serving to and from parts of Arlington will have to change vehicles and walk over a bridge for a period of three to four weeks commencing next Monday, it was announced yesterday from the offices of the MTA Trustees.

Bridge Repairs
The service interruption, the announcement stated, is because the Boston & Maine Railroad is rebuilding a bridge on Broadway, Somerville, at Ball Square. Engineers have determined that because of a peculiarity of the bridge structure it is not possible to install new girders by closing one lane of

the bridge and the B&M notified the MTA that the entire bridge must be closed "for a period of three to four weeks".

The lines of the MTA affected are the Clarendon Hill-Sullivan Square route via Broadway and the Arlington Center line which operates through Medford Hillside and the Tufts College area to Lechmere.

Commencing next Monday morning, the MTA lines affected by the bridge closing will operate, in both directions, as far as Ball Square.

KENSINGTON PARK STUDY CLUB

The Kensington Park Study Club will meet at the home of Mrs. J. Clark Wyman, 62 Richmond rd., on Tuesday, Jan. 12. The topic for discussion at this afternoon session is "Students Of Behavior".

The following papers will be presented, "Darwin" - Mrs. Clifford R. Hall and "Freud" - Mrs. George H. Williams.

ROUTE 3

(Continued from Page 1)
Selectman Kenney brought out that if "solution number one" were adopted Arlington would be further divided, that the contemplated highway was pointed at or near the new Bishop School to the detriment of the hundreds of pupils who must attend there that new development would be destroyed in Arlington and that needed tax revenue would be lost or curtailed.

Kenney also brought out that such limited-access highways should be built on the borders of adjacent towns, either between Winchester and Arlington or between Lexington and Arlington, where more undeveloped land was evident and where towns were not divided by construction of super highways.

Kenney cited Arlmont Village as a similar location which had been "cut off" from the Town by a highway.

Selectman Sorensen asked that detailed maps be provided the towns and cities of the proposals, so that it could be determined just where the possible relocation would affect each area.

Recalls Former Plan

Selectmen Harris then called attention to a possible fourth solution which was on engineer's maps as far back as 1948, in which Route 3 relocation was on the borders of Winchester and Arlington but crossed over and carried into Somerville and Medford via the other side of the Mystic Lakes. In this, he pointed out, land taking and property damage in the immediate area was at a minimum as the state already owned much of the land and it was further away from homes or new developments.

Town Manager Monahan pointed to the costs entailed in that the second solution was the least costly by some five or ten million dollars, even though the mileage was slightly more than the other possibilities.

To Set Up Study

Chief Archie F. Bullock questioned the possibility of running the highway overhead along the Boston, Maine right of way as another solution. Volpe explained that this had been considered but that the costs would be, in the long run, a great deal more as far as the state was concerned.

FIGURES AND MORE FIGURES

Washington, at the close of the year, discovered in the swarms of economists who descended on the Capital for concurrent meetings of various societies devoted to this science, a new type of five percent.

These were the students of trends and indices who predicted—not a depression, heavens no—but a "recession" for the new year of about five percent. This is a modest figure, but it doesn't seem very useful. What good are averages if you're one of those due to "recede" 100 percent? So, maybe, we'd better just forget the whole thing—and work harder.

KEEP SANTA CLAUS "IN"

To say that Christmas has "come and gone" is missing the entire point of the spirit of the day. For in the important sense, it is never "gone."

Each Christmas of our lives, no matter how many, leaves some shred of Christian understanding in our hearts. And if we could live long enough, even the most cantankerous Scrooges among us might finally absorb the significance of the Nativity.

The emphasis should be on the Christ in the word Christmas. The day should be a holy one but that does not mean devoid of joy. In this sense we fail to understand why there is a movement, in an effort to put Christ "back in," of trying to take Santa Claus "out."

Surely, Santa Claus provides the joyous concept of Christian giving. True, all too true, some merchants have over-commercialized the whole business. But, certainly, these very merchants are people and, as such, can be shown the "error of their ways."

But to abolish Santa Claus in the meantime—that would compound the error!

THE MOUNTAIN HAS LABORED

The United Nations, in spite of the objections of Russia's Mr. Vishinsky, has finally expressed its "grave concern" over the evidence of Communist atrocities in Korea against 88,000 UN and ROK troops and South Korean civilians, and involving the murder of 10,000 American fighting men.

The resolution, which passed by a vote of 42 to 5—with ten nations either too cautious or too indifferent to go on record—also "condemns the commission by any governments or authorities of murder, mutilation, torture and other atrocious acts against captured military personnel or civilian populations, as a violation of rules of international law and basic standards of conduct and morality and as affronting human rights and the dignity and worth of the human person."

No doubt this is a great moral victory. But it is rather discouraging to note how the elaborate, expensive, ultra-modern machinery of the UN has squeaked and groaned in securing from 42 nations out of 60 a pallid reaffirmation of principles that were accepted and codified by the leading nations of the world in the Declaration of Paris in 1856.

The Mountain has labored, and brought forth another Mouse.

Let's hope our good luck holds for another month or two, even though frustrated skiers are tearing their hair.

Arlington In Review

(Reprinted From The Files
Of The Arlington Advocate)

IN 1879

75 Years Ago This Week

Last Friday, for the first time since we have published this paper, the snow plow made an early morning appearance on the Middlesex Central Branch. This is another indication that the management realizes the importance of its branch roads and is endeavoring to provide the maximum comfort and convenience for the patrons of the road.

The entertainment held at the Unitarian Church last Wednesday evening was exceptionally enjoyable. The programme consisted of an "old folks concert" in which S. P. Prentiss, C. S. Fessenden and B. Delmont Locke took active part.

IN 1904

50 Years Ago This Week

All coasting on the public streets and sidewalks in the town has been prohibited by the Selectmen and any person violating this rule will be fined not less than one nor more than five dollars.

Town Treasurer Muller is the proud owner of a new double sleigh. Pulled by his fine pair of matched white horses, it is an impressive looking rig.

IN 1929

25 Years Ago This Week

The Arlington Board of Selectmen this week sent a letter to the Trustees of the Boston Elevated Railway asking for better transportation facilities, the need of which has become imperative because of the rapid growth of the town.

A silver watch was presented to W. J. Marsters, chairman of the Republican Town Committee, at a dinner at the Hotel Somerset last Thursday evening.

IN 1944

10 Years Ago This Week

The Boston Post this week named Mel Massucco, who leaves any day now to enter the service, as the best school-boy athlete in this area.

The committee appointed last week by the Selectmen to establish a program of rehabilitation of World War II veterans returning to Arlington will hold its first meeting next Monday.

IN 1953

One Year Ago This Week

Among the topics of discussion at the Tuesday evening meeting of the Chamber of Commerce were the possible extension of the MTA subway service to Arlington, the future of Arlington business, off-street parking and the construction of a new Russell school.

The newly remodeled East Arlington Branch library was opened on New Year's Day. Many people visited the building and commented on the fine appointments.

The committee of Citizens for Town Manager is planning to hold a Candidates Night at the Junior High East on Feb. 17.

John V. Curtin, 43, New England sales representative for the Magnet Mills of New York and Tennessee, died Dec. 18 at his home, 537 Summer st.

A native of Cambridge, he had lived in Auburn, Me., and later in Norwich, Conn., where he had been active in civic affairs. He managed the Lincoln Stores Norwich branch for 18 years before coming to Arlington.

Mr. Curtin leaves his wife, the former Mary Mahoney of Cambridge; four children, Cornelia, Carolyn, John V. Jr., and Paula; and his parents, Mr. and Mrs. Patrick J. Curtin of Wilmington. He also leaves a brother, William of the Boston Herald-Traveler financial department, and two sisters.

A solemn high mass of requiem was celebrated Monday, Dec. 21, at St. James Church, Arlington Heights. Burial was in Mt. Pleasant Cemetery.

THE POWER BEHIND THE PUPPET!

Red and Gray Jottings

by Janet Kirschbaum

The A.H.S. hockey team tied Melrose, 1-1 in their game Dec. 26, but they were beaten by Belmont, 4-1, last Saturday. Arlington will play Medford on second ice at the Arena tomorrow night, Jan. 8. First ice is at 7 p.m.

A representative from Franklin Institute was at school this week to see pupils interested in attending that school.

The track team lost its first meet to Watertown last Saturday, 39-57. The next meet will be held at the East Newton Street Armory on Saturday afternoon against Belmont. The captain of the A.H.S. team is Billy La Belle.

The class photographer will be at the school Monday to take the remaining group pictures.

The Girls' Athletic Association met this week to discuss plans for the coming annual amateur show to be presented this month. Those students wishing to participate have been invited to join in the competition.

All boys interested in bowling have been asked to see Mr. Abbott who has charge of that sport.

College Board Examinations will be given at the High school Saturday, Jan. 9.

The course in Driver Education is now being offered 6 periods a day on Monday, Tuesday, and Friday. This is a classroom course which must be passed before the student may take the behind-the-wheel Driver Training course. Students getting their licenses through these courses are given a reduced rate in Massachusetts insurance. The classroom course lasts this winter term of January and February.

OBITUARIES

MISS HARRIETT PENNELL

Funeral services for Miss Harriett Pennell, 72, of 21 Chaundy st., Cambridge, former director of the home economics department in the Arlington public schools, were held Monday, Dec. 21, in Christ Episcopal church, Harvard sq., Cambridge.

Miss Pennell died at her home, Dec. 19. Born in Portland, she was connected with the Arlington schools from 1917 until she retired in 1946 and was home economics director for more than 20 years. Earlier she had taught in the Newton schools for several years. She did graduate work in home economics at Simmons College.

A member of Christ Church, Cambridge, Miss Pennell was formerly a member of the Arlington Woman's Club. Burial was in the Evergreen cemetery, Portland, Me.

ALLAN C. MACCORMACK

The funeral of Allan C. Maccormack, 69, of 150 Summer st., for many years an employee of the Boston and Maine Railroad, was held Saturday, Dec. 26, with a requiem mass at 9 a.m. in St. Agnes' Church. Burial was in Mt. Pleasant cemetery. He died Dec. 24th in the Symmes Arlington Hospital.

Mr. Maccormack was a carpenter on B & M bridge work. Born in Prince Edward Island he had lived in Arlington for 27 years. He leaves his wife, Mrs. Elizabeth (McGuirk) Maccormack.

MRS. MABEL E. SEARS

Mrs. Mabel Elizabeth (Kiander) Sears, 76, of 15 Jason st., formerly of Belmont, widow of Anthony Frederick Sears, Boston picture frame manufacturer, died last week in the Symmes Arlington Hospital.

She leaves a brother, Oscar Kiander of Forest Hills, and two sisters, Mrs. Anna Von Betzen of Winthrop Center and Miss Blanche E. Kiander of Arlington, who lived with Mrs. Sears.

Funeral services were held in the Short and Williamson Chapel, Belmont. Burial was in Mt. Auburn Cemetery.

ARTHUR G. MANLEY

Arthur G. Manley, 58, of 7 Upland Road West, treasurer of the Shubert Theatre, Boston, for the past 30 years, died Jan. 3 in the Symmes Arlington Hospital. Widely known in theatrical circles, he had been with the Shubert Theatre chain in Boston for 41 years, and was formerly treasurer of the Wilbur Theatre.

A former vice-president of the Treasurers' Club of Boston, Mr. Manley was a member of Everett Council, Knights of Columbus, Alhambra Assembly, Fourth Degree, Knights of Columbus, Everett, Arlington Lodge of Elks, American Legion and Veterans of Foreign Wars.

The funeral of Lloyd V. Marsters, 47, former Arlington High football star, was held last week from the Saville Funeral Home. Burial was in Mt. Pleasant cemetery.

He was the brother of Alton Marsters, an All-American halfback at Dartmouth in the 1920's.

Mr. Marsters leaves his wife, Evelyn; a son, Richard; daughter, Barbara; his parents, Mr. and Mrs. William I. Marsters and three brothers, Rupert, Alton and Raymond.

That Man About Town

By MAI

To arms! To arms! The Town — officials and townspeople alike—should arise against the threat of Route 3 dissecting Arlington. The proposal would cut off the whole Morningside area, just as Rt. 2 did to Arlmont Village.

We can see nothing but a big decline in property values in this high valuation area. Further, the Bishop school children will be menaced and the new Crosby farm playground will become worthless.

This is not just the usual put-the-road-anywhere-but-here argument. The fact is that the master plan of 1948 called for Route 3 to enter through Winchester via undeveloped areas and continue to Somerville on the other side of Mystic Lakes.

All this is now changed, no doubt due to the fact that the Commissioner of Public Works Volpe and State Republican Committeeman Bonnell both live in Winchester.

This thing must be licked even if we have to resurrect the Minute Men of Menotomy.

Another thing that's got to be cured is the Center traffic loop.

"No change" is reported in the local political situation as of this week. There are only about two weeks left for candidates to file nomination papers.

The extension of Appleton place has now reached a controversy stage with Selectmen advocating construction, then the playground survey. The School Committee says the survey first. It looks to us that the Town Meeting will have to decide the issue. As we see it, the School Committee hold the top cards, now in the game.

[The opinions of MAI do not necessarily coincide, and often do not, with ours — Ed.]

Behind the Business Scene

— by Reynolds Knight —

Factoring, a highly specialized method of meeting the credit needs of business, has just begun a year in which it hopes to surpass its 1953 volume of \$3 billion.

The factor, once a feature of textile financing almost exclusively, has of late years moved into some 50 lines where the manufacturer or wholesaler needs more cash than he himself commands, to keep his business operating most economically while various sums are tied up in accounts receivable due from his customers at future dates.

The factor agrees to buy the seller's receivables for cash, deducting a small commission, and extends to buyers the customary terms of the trade. The seller then notifies the buyer that his debt is to the factor and not the supplier. The factor takes full responsibility for credit extension, collections and bookkeeping.

FOUNTAIN PEN TAX — Removal of the manufacturer's excise tax on fountain pens is the writing equipment industry's principal hope for 1954. Coupled with expanding markets and improved merchandising techniques, industry leaders say, this could bring a record sales year.

Expansion of the primary school age group, and increasing use of fountain pens, ballpoints and mechanical pencils in all school grades gives writing equipment makers the strongest potential for ballpoints as "second pens."

RECORD FOR RUBBER — Production and sales of rubber products this year will be nearly as great as in 1953, one of the rubber industry's greatest years, John L. Collier, president of B. F. Goodrich Company, predicted in a year-end statement.

The rubber industry will probably do better than industry in general, Mr. Collier said, because it will benefit from high production of automobiles in the last three years. Many of these will need replacement tires in 1954.

ELECTRONIC COMFORT — Electronic devices, for the first time, entered the American home in sizable numbers in 1953 as bringers of comfortable temperatures in all parts of the house, the head of the world's largest producer of automatic controls declared in a review of his company's year.

Paul B. Wishart, president of Minneapolis-Honeywell Regulator Company, said one of the major developments in automatic controls in 1953 was adoption on a mass scale of scientific electronic control systems, to supplement the less flexible—even though efficient—single thermostat.

12,000-PLANE YEAR — The aircraft industry enters 1954 after a year of substantial production, expecting to see output relatively steady during the coming twelve months, according to Mundy I. Peale, president of Republic Aviation Corporation.

Mr. Peale estimated that the aircraft industry in 1953 delivered to the armed forces approximately 12,000 new planes, including several new types of bombers, fighters and fighter-bombers. He forecast that this rate of delivery would continue well into 1954, with variations as new models are developed.

Republic Aviation, in mid-1953, closed out its famous Thunderjet series with a total of 4,457 of this pioneer jet fighter-bomber, capable of carrying atomic bombs, in the service of 16 nations.

GLASS USES RISE — Glass for construction and for many industrial uses, including automotive glazing, had a record year in 1953 and looks forward to continued good business in 1954. That is the word from George P. MacNichol, president of Libbey-Owens-Ford Glass Company.

Housing construction, Mr. MacNichol expects, will decline somewhat in 1954, but building of schools, hospitals and similar service structures will increase. Automotive output may decline, he believes, but this will be largely offset, from the glass industry's viewpoint, by added use of glass in each car.

SAILING ROUGH SEA — American shipping men head into 1954 under an economic cloud which threatens rough going for their industry, said Walter E. Maloney, president of the American Merchant Marine Institute, as he reviewed 1943. The shipowners hope, he added, that Congressional action can dispel the clouds to some extent.

Chiefly needed, asserted Mr. Maloney, is firm government policy, backed by funds, to insure a strong and healthy American merchant marine in peacetime, rather than waiting for war and frantically trying to create one from scratch when it becomes an essential to national survival.

He reminded the public that World War II's merchant fleet, built at a cost of \$19 billion, would be 80 per cent obsolete within nine years.

JOSEPH F. MELLOR SR.

Funeral services for Joseph F. Mellor Sr., 71, of 183 Westminster ave., were held Monday, Jan. 4, at 2 o'clock in the Berglund Funeral Home. He died suddenly in his home the previous Friday. The Rev. Charles Pedersen of Calvary Methodist Church officiated at the services. Burial was in the Mt. Pleasant cemetery.

Mr. Mellor was born in Leeds, England. He came to this country about 64 years ago and has been a resident of Arlington for the past 21 years. He retired in 1947 from the Boston Edison Co. where he had been employed as a meter inspector for the past 45 years.

He leaves his wife, Signe (Erickson) Mellor; one son, Joseph Mellor Jr.; one brother, Albert Mellor of Pembroke and two grandchildren.

Buick Offers Complete New Line for '54

An outstanding beauty among the completely new line of cars which Buick offers for 1954 is the two-door Super Riviera pictured above. With a sleek sports car styling modeled after Buick's famed Skylark, the Riviera features a new panoramic windshield, a cut-down door belt line, full rear-wheel cut-out and a refined sweepover moldings.

FLINT, MICH.—Buick today announced a completely new line of automobiles for 1954, studded with the most revolutionary styling changes since the introduction of streamlining.

The new Buicks come in four series with all new, roomier bodies, beautiful new exterior and interior styling, longer wheelbases, panoramic windshields, and more powerful and efficient V-8 engines.

The Special Series makes its debut in the V-8 class in 1954 with a brand new 160 horsepower engine modeled after the valve-in-head V-8 introduced in the Roadmaster and Super Series last year. Horsepower in the Roadmaster has been boosted from 188 to 200, and in the Super from 170 to 182.

New also to the Buick line for 1954 is the Century Series, designed to sell in the price range between the Special and Super. The Century, which features a 200 horsepower Roadmaster engine mounted on a 122-inch wheelbase, has a very high power-to-weight ratio and is the outstanding performer in the Buick line.

All-steel estate wagons are available for the first time this year in the Century and Special series. Among outstanding styling features in addition to the new panoramic windshield are full rear wheel fender openings and sloping door line on all two-door Rivieras and convertibles, built-in sun visor and rain cove on four-door sedans in the Roadmaster and Super Series, new high crown front fenders which permit the driver to see the right fender at all times, and new instrument panel.

The new V-8 engine in the Special Series, new combustion chamber design which increases power and economy, new power brakes, new front end suspension which improves steering and provides better cornering ability, and cowl ventilation are among the top engineering advancements. The sweepover molding, so closely identified with Buick, has been restyled along the lines of last year's Skylark sports convertible. The grille styling also has been refined, with 49 thin bars of chrome enclosed in a chrome frame. The traditional Buick emblem on the front of the hood has been replaced with the word B.U.I.C.K. in narrow, delicate letters.

Interior styling has been enhanced by a new, double roll instrument panel, similar to the one on Buick's experimental Wildcat. A new speedometer, unique in the entire industry, is featured on the Roadmaster and Super Series.

It has a completely new front end, all new styling, new instrument panel, new rear fender and deck lid treatment, and new interior. It is mounted on a 127-inch wheelbase and is powered by a 182-horsepower V-8 engine when equipped with Twin-Turbine Dynaflow. Wire wheels are offered as optional equipment.

Speed is indicated by a red line that moves horizontally across a scale graduated from 0 to 120 miles per hour.

New styling also is featured throughout the interior with many new combinations of colors in nylon, broadcloth, cordaveen and leather.

The new V-8 engine in the Special has the same overall dimensions as the V-8 in the Roadmaster and Super. The Special V-8 has a 264 cubic inch displacement and an 8.1-to-1 compression ratio in Dynaflow-equipped cars. In cars equipped with standard transmission, the compression ratio is 7.5-to-1.

Both Dynaflow and safety power steering continue as standard equipment on the Roadmaster Series and optional on all others. Swing-out door hinges provide up to one and one-half inches more entrance room to the front compartment of all 1954 Buicks.

The new line comes in 15 models with six horsepower ratings and two wheelbases. All Roadmaster and Super models are mounted on a 127-inch wheelbase. Special and Century models are mounted on a 122-inch wheelbase, an increase of one-half inch.

The Skylark, which has been completely restyled for 1954, is powered by the 200 horsepower Roadmaster engine.

In USMC Honor Guard

Sgt. David J. Hearon, USMC, 242 Broadway, took part in the commissioning ceremonies at the Naval Air Station, South Weymouth, as a member of the Marine Honor Guard.

The Honor Guard was inspected by Rear Admiral C. B. Momen USN, Commandant of 1st Naval District, and Christian A. Herter, Governor of the Commonwealth of Massachusetts.

Following the inspection the Admiral complimented the men on their fine military bearing and precision in drill, and stated that it was the finest Honor Guard he had ever inspected.

Sgt. Hearon is now serving with the Marine Air Reserve Training Detachment, Naval Air Station, South Weymouth, as an aviation mechanic.

Three Girls Win Honors At Medford Horse Show

Three Arlington girls took top honors at the children's horse show at Good's Glenny Farm, Medford, Friday, Dec. 18.

The three winners are Beatrice Bolt, 34 Temple st., who received a 3rd in advanced horsemanship and a 1st in musical chairs; Kathy Burke, 81 Winchester rd., a 1st in the relay race and 5th in intermediate horsemanship; and Portia Williams, 82 Bartlett ave., who placed in intermediate horsemanship.

The girls competed against more than 60 boys and girls from Arlington, Belmont, Medford, Reading, Winchester and Woburn, in a close competition judged by Miss Harriett Clarke, head of physical education at Radcliffe College.

MANAGER ANSWERS PLAYGROUND QUERY

In reply to a letter written to both the Selectmen and the Town Manager urging action for a playground for girls at Junior High West, last week the Manager made public his written reply.

Monahan stressed that "the solution of this long, unsolved problem (starting back long before his assuming office here) should not now be approached haphazardly — (and must find out) how much it will cost us to accomplish the desired result."

This letter to the corresponding secretary of the Junior High West P.T.A. follows:

Gladys M. Francis, Parent Teachers Association Junior High West

Dear Mrs. Francis:

In reply to your letter of December 3, 1953, and after looking over the areas in and about the Jr. High West, the problem of providing a playground for girls at the Jr. High West is one that in my opinion will not be solved easily or simply, considering the unusually difficult complex grades, levels and inclines and the possibility of unusually high costs to prepare the areas for a satisfactory girls' playground.

In discussing this matter recently with a member of the School Committee, I stated that before anything can be done in this area, it should be preceded by an engineering study, preferably by outside engineers, so that we will be able to consider the problem on the basis of what should be done and how much it is going to cost.

I also informed the School Committee Member that in my opinion the proper approach to a solution of this very vexing problem is to provide for such engineering study, with the appropriation for the purpose probably being authorized by a special article for the consideration of the Annual Town Meeting in 1954 next Spring.

I think that the Executive Board of the Parent Teachers Association of the Junior High West would undoubtedly agree that the solution of this long unsolved problem should not now be approached haphazardly; we definitely should know what should be done, based upon authoritative recommendations of a good engineering firm, and how much it will cost us to accomplish the desired result.

Sincerely yours,
Edward C. Monahan
Town Manager

Receives Commission

Among the newly-commissioned Marine Corps second lieutenants completing the five-month basic training course at the Marine Corps School, Quantico, Va., is Edward M. Mazmanian, son of Mr. and Mrs. Joseph M. Mazmanian of 32 Laurel street. Mazmanian is assigned to Force Troops, Twentieth Marine, California.

Local Red Feather

David Govenar, chairman of the 1954 Arlington Red Feather campaign, announced this week that the campaign gathered \$26,250.15.

The desired goal of \$30,000 was not reached due largely to the fact that there were only 250 active workers for the drive rather than the 1500 who were needed.

Despite this handicap, about 80% of the residential and business calls were covered with contributions being received from 4776 individuals.

In an open letter to the people of Arlington, Govenar gave his summarization and report of the campaign. His letter follows:

In this, the closing week of 1953, I present my report as Chairman of the recent Red Feather campaign.

First, I wish to express my gratitude to all who gave of themselves, their time, and their money. Without them and their assistance there would be nothing to report. To name the individuals to whom we are most grateful always presents the possibility of inadvertent omission and is perhaps best avoided.

We cannot, however, omit the name of Leonard Russell, whose campaign work began long before any other person and will continue for weeks after this report. His diligent attention to detail has for several years been of inestimable value to Red Feather campaigns in Arlington. To all the others—those who gave little, and those who gave much—our sincere and heartfelt thanks.

The generous coverage and space donated by the Arlington Advocate was most helpful.

That our limited number of workers were able to do so much of the job is a tremendous tribute to their diligent application to the task which they undertook. A little more cooperation from others in the town would not only have lightened their load but would have made our goal easily attainable.

In an effort to obtain contributions from the thousands whom we knew could not be seen, collection stations were set up with the cooperation of Mr. Walker of the 5c Savings Bank and Mr. Chamberlain of the Cooperative Bank. The response to this venture was not very successful. The mail campaign which followed was more satisfactory.

If 17% of the required number of workers produced more individual contributors than a year ago and 88% of the desired quota, one can but speculate as to the results attainable if we had only an additional 250 workers.

Respectfully submitted,
DAVID GOVENAR
Chairman
1954 Arlington
Red Feather Campaign

Promoted in Korea

Joseph F. Browne, 22, son of Mr. and Mrs. Patrick J. Browne, 840 Massachusetts ave., recently was promoted to sergeant while serving in Korea with the 2d Infantry Division.

The "Indianhead" division, which captured Heartbreak Ridge and Old Baldy, is now undergoing intensive post-truce training.

Sergeant Browne, a squad leader in the 9th Regiment, entered the Army in February 1952 and has served in the 2d since March. A 1950 graduate of Arlington High School, he was last employed by the Public Works Department of Arlington.
